Dr Alice Fitzpatrick (Registrar)

Dr Camilla Camargo (Registrar)

Dr Lara Franklin (Registrar)

DR CHRISTINE LUCAS IS RETIRING!

Dr Lucas' introduction to Port Lincoln was as a visiting medical student, staying with Dr Ballard. She returned in her final year of registrar training and well, never left! As you could imagine, after 32yrs+ at the Investigator Clinic she has seen a many changes - doctors/nurses/staff, paper files to electronic files, moving building and the startup of Port Lincoln Aboriginal Health Service, which is a special interest of hers.

She has delivered many babies over the years, and began to deliver babies of babies that she delivered, maybe even a grand-baby or two!

The commitment and dedication she has shown to rural medicine and especially the patients on the Eyre Peninsula is incomparable. Beyond her exceptional patient care and medical skills, Dr Lucas has been a fierce advocate for teaching and retaining Doctors on the Eyre Peninsula.

We wish Dr Lucas the all the best for her retirement!
